## Product Data - D12266B

### Description

Purified match to C11024, the “condensed milk” diet.

### Used in Research

Obesity  
Diabetes  
Hypertension

### Packaging

Product is packed in 12.5 kg box. Each box is identified with the product name, description, lot number and expiration date.

### Lead Time

5-7 business days.

### Gamma-Irradiation

Yes. Add 10 days to delivery time.

### Form

Pellet, Powder, Liquid

### Shelf Life

Most diets require storage in a cool dry environment. Stored correctly they should last 6 months.

### Control Diets

D12489B
